"THE BEST"

In

KREKLER · PEONY · FARMS

SOMERVILLE, OHIO

[1961]

SATISFYING SINCE 1928

Our — BETTY GROFF (Japanese type) \$7.00

INFORMATION

LOCATED—on rich peony land, where Roberts Road joins the lower Somerville-West Elkton Road. Our house is a half mile both east of Wayne's Old Trace Road, and north of the Butler-Preble County line. We are about two miles west of Ohio 503 and midway between Hamilton and Eaton.

COME SEE—our seven acres of finest bloom (best about Memorial Day). With the many new early hybrids we now have 6 to 8 weeks of bloom—and so can you.

ADD \$1.00 TO ORDER—to help pay packing and postage costs.

Sorry, but without this we lose on smaller orders. Omit on orders over \$10.00

BEST BUYS—(considering beauty, reliability, price, etc.) are those marked by stars (★★), but all are worthy. We have hundreds more of recent ones not listed here—write your needs.

WE GUARANTEE—true-to-name, 3 and 5 bud, healthy divisions, or cheerfully will return purchase price, on prompt safe return of stock. We strive to please, and our customers praise our products.

WHOLESALE—any dozen (except specials) offered at ten per cent off, any 100 at a fourth off list prices.

LANDSCAPE WITH PEONIES—They are far better, and most cost no more, than low-growing bushes. Plant in lovely thick hedges, and broad colorful borders.

DIRECTIONS—plant in autumn (Aug. to Thanksgiving), in full sun, where not wet, in deep humus-rich top soil, with buds two inches under. For information buy new book "PEONIES," or write us.

AFFILIATED WITH — Peacock Nurseries, Akron 13, Ohio.

ORIGINATORS OF MANY FINE EARLY SINGLES
